

## **Mask Instructions**

- a. When you take it off, assume both sides are contaminated so don't touch cloth and wash before reusing.
- b. Masks should be worn for short-term errands. Don't use them to go out and about all day. Get your errand done and go home.
- c. Masks should be washed between uses, using soap and water.
- d. Masks should never be shared between people without washing thoroughly in between.

*This mask was hand-made and donated by the Jewish community of Baltimore.*

Jewish Volunteer Connection is an agency of The Associated
